## Summary

I am a graduate from Kaunas University of Technology with a Bachelor's degree in Electronics Engineer. I have a history of working in the electrical and electronics manufacturing company. Skilled in PCB layout design, electrical circuits design, software development. At the moment I am working as electronics engineer and studying masters in Electronics Engineering in Kaunas University of Technology. I love solving difficult problems as efficiently as possible and my artistic soul leads me in the direction of electronics development and helps to find the most flexible solutions to any issue. My goal is to improve my skills in engineering and learn something new every day.

## Experience

### RFQ engineer

Kitron Group

May 2019 - Present (1 year 6 months +)

## Education

### Kaunas University of Technology

Master of Engineering - MEng, Electrical and Electronics Engineering

2019 - 2021

### Kaunas University of Technology

Bachelor of Engineering - BE, Electrical and Electronics Engineering

2015 - 2019

## Skills

Programming • Electrical Engineering • Electronics Hardware Design • Printed Circuit Board (PCB) Design • SOLIDWORKS • Autodesk Fusion 360 • C++ • Python • HTML • Cascading Style Sheets (CSS)
